No more than one application can be submitted by a natural or legal person whatever the form of participation (as an individual legal entity or as leader or member of a consortium submitting an application). SELECTION AND AWARD CRITERIA

21. Selection criteria

The following selection criteria will be applied to candidates. In the case of applications submitted by a consortium, these selection criteria will be applied to the consortium as a whole:

1) Economic and financial capacity of candidate (based on item 3 of the application form). In case of applicant being a public body, equivalent information should be provided.

(a) the annual turnover of the candidate for the years 2007 and 2008¹ must be equal to or exceed EUR 350.000

These fields can be covered by one reference technical assistance project or each field should be covered by separate reference technical assistance projects.

The project(s) must have been:

(a) completed in 2006, 2007 or 2008

An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. It must in that case prove to the Contracting Authority that it will have at its disposal the resources necessary for performance of the contract, for example by producing an undertaking on the part of those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility and notably that of nationality, as the economic operator.

If more than 8 eligible candidates meet the above selection criteria, the relative strengths and weaknesses of the applications of these candidates must be reexamined to identify the eight best applications for the tender procedure. The only factors which will be taken into consideration during this re-examination are:

- 1) The total number of projects managed by the candidate according to criterion 3.
- 2) In case of competition between two or more candidates having the same number of eligible projects, the candidates will be ranked in descending order according to the total amount of their own contribution to the eligible projects.
