2. Procedure

Restricted

3. Programme

IPA

4. Financing

National Programme for Croatia under the IPA – Transition Assistance and Institution Building Component for 2008

5. Contracting Authority

Central Finance and Contracting Agency

6. Nature of contract

Global price

7. Contract description

The purpose of the contract is to distribute vaccine baits by planes for specified areas in density of 25 baits per km². Operational plan for implementation of vaccination strategy for the oral vaccination of foxes against rabies will provide all technical details regarding vaccine bait distribution (details on flight scheme, details regarding laying of baits in certain density on specific geographical area). The distribution by aircraft will be performed twice a year (years 2010 and 2011). Bait dropping by aircraft takes approximately 90 working days. The contractor will have to transport vaccine from the place of storage to the place of plain distribution. Instructions of the vaccine producer regarding transporting conditions of the vaccine must be fulfilled. The contractor will have to coordinate this activity with the vaccine distributor in Croatia.

8. Indicative budget

EUR 1.050.000

9. Intended timing of publication of the procurement notice

February 2010

10. Additional information
