

INDIVIDUAL SUPPLY CONTRACT FORECAST

Supply of Equipment for Modernisation of State Border Control

Republic of Croatia

1. Publication reference

EuropeAid/129601/D/SUP/HR

2. Procedure

Open

3. Programme

IPA

4. Financing

National Programme for Croatia under the IPA – Transition Assistance and Institution Building Component for 2009

5. Contracting authority

Central Finance and Contracting Agency

6. Contract description

The main purpose of this project is to further contribute to the development of an efficient Croatian integrated border management system, which will establish greater security at international borders and diminish cross border crime and illegal migration. The procurement of the handheld and remote controlled thermal imager within Lot 1 - Border surveillance equipment, is essential for the state border protection operations because it enables the identification and monitoring of objects/persons, especially in conditions of reduced visibility. Document examination system with printer to be procured under Lot 2 – Border control equipment, will enable an additional inspection of documents of dubious authenticity by means of visual inspection, UV-lamp inspection and by the device for intensive travel document inspection.

7. Indicative number and titles of Lots

LOT 1 - Border surveillance equipment

LOT 2 - Border control equipment

8. Intended timing of publication of the procurement notice

April 2010

9. Additional information

N/A

10. Legal basis

Council Regulation (EC) No 1085/2006 of 17 July 2006 establishing an Instrument for Pre-Accession assistance (IPA).

Remarks:

There must be a minimum period of 30 calendar days between the publication of this contract forecast and the publication of the corresponding procurement notice.

No applications or requests for further information should be sent at this stage.
